To: Headmasters of Schools offering Grade 12 CAT and IT in 2008
Computer Applications Technology Educators
Information Technology Educators

From: The Computer Applications Technology and Information Technology Caretaker Subject Advisor
Mark Hensberg

Date: 27 October 2008

Subject: Practical Assessment Task (PAT)

At a Curriculum meeting at the District office today, I finally have some clarity about the Practical Assessment Task (PAT):

The Province is no longer doing the PAT Moderation. It will now be done by the Province.

The Moderation program will take place from 3-10 November 2008, as outlined below:

Times 12h00 to 16h00

3 November 2008

Information Technology: Stirling, Selborne and Port Rex at Stirling High School

4 November 2008

Computer Applications Technology: Hudson Park, Beaconsport, Greenpoint and Lilyfontein at Hudson Park High School

5 November 2008

Computer Applications Technology: West Bank, George Randell, Umtiza and Zweliyandile at West Bank High School.

6 November 2008

Computer Applications Technology: Stirling, Accord Business Academy, Grens, Clarendon, Cambridge at Stirling High School.

7 November 2008

Computer Applications Technology: Day reserved for unfinished PAT Moderations and queries.

10 November 2008

Computer Applications Technology: Vukuhambe, Sinikiwe and Commercial Park at Vukuhambe.

Requirements:

1. 5 Samples of PAT
2. 4 Completed signed and stamped PAT Mark Schedules. (3 Phases for IT and 6 Phases for CAT)
3. Orange Pens – each Educator will re-mark a PAT from every other School. Bring the 3/6 Phase Rubrics.
4. The Green Computer Mark sheets – with all the necessary signatures and stamps. We will complete the moderated column and check each individual mark with the mark sheet. Should there be no queries or problems, these will be handed in.
5. Should there be problems and queries with the Green Computer Sheets, these will have to be sorted out with exams and submitted before 11 November 2008.

Feel free to contact me should you have any queries.
